Deadline for manuscript  
submissions:

**closed (30 June 2023)**

### Message from the Guest Editor

The editorial board of *Molecules* invites you to submit an article to a Special Issue entitled "Theoretical Design of the Structure and Reactivity of Silicon Compounds".

The reasons for this have been discussed from various theoretical points of view and have served as the trigger for the reconsideration or extension of famous rules or principles in organic chemistry. The theoretical molecular design of silicon compounds with novel properties and discussions comparing them with carbon analogues are expected to improve not only the silicon representatives of heavy group 14 element chemistry but also organic and inorganic chemistry. Such studies are welcome in this Special Issue.

*Molecules* is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.927 (2021).

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))
