

Women in Materials Chemistry

Guest Editors:

Dr. Maria Manuela Silva

**Prof. Dr. Luísa Margarida
Martins**

Prof. Dr. Antonella Curulli

**Dr. Carmen Clotilde Mayorga-
Martinez**

Prof. Dr. Isabel Correia Neves

Dr. Laura Peponi

Deadline for manuscript
submissions:
closed (30 November 2022)

Message from the Guest Editors

It is our pleasure to announce a new Special Issue on “Women in Materials Chemistry”, highlighting the achievements of women scientists in material chemistry from all around the world.

We cordially invite you to submit your work, performed across all areas of materials science and present your latest research in classical and advanced fields, such as organic and inorganic materials, nanomaterials, biomaterials, composite and hybrid systems, green and sustainable synthesis of materials, as well as sensor-advancement, including nanosensors, microchips, and lab-on chip.

This Special Issue will include communications, high-quality papers, and review articles in Materials Chemistry. Articles celebrating outstanding researchers who are women are also welcome. Papers where the lead authors are women, or that are completely authored by women, are encouraged. However, submissions from all authors, irrespective of gender, are welcome.

an Open Access Journal by MDPI

Münster, Germany

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

Journal Rank: JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
