

## Special Issue

# Biological and Pharmacological Activity of Plant Natural Compounds III

### Message from the Guest Editors

Given the success of the previous editions, we have decided to propose a third edition of the Special Issue entitled "Biological and Pharmacological Activity of Plant Natural Compounds". The topic is the same, and so is the aim, to explore novel, uncommon, alternative uses of plant-derived compounds in human health and in preclinical settings. In addition, basic research on biological, pharmacological, biochemical, etc. properties of plants is welcome. Of course, both articles and reviews and collaborative research works can be prepared and submitted.

### Guest Editors

Prof. Dr. Raffaele Pezzani

1. Phytotherapy Lab, Endocrinology Unit, Department of Medicine (DIMED), University of Padova, Padova, Italy
2. Associazione Italiana per la Ricerca Oncologica di Base, Padova, Italy

Dr. Sara Vitalini

Department of Agricultural and Environmental Sciences, Università degli Studi di Milano, Milan, Italy

### Deadline for manuscript submissions

closed (15 December 2022)

## About the Journal

### Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

---

### Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2024).
