submissions:

**closed (31 December 2022)**

### Message from the Guest Editor

Dear Colleagues,

This Special Issue aims to present current state-of-the-art and recent advances in skeletal muscle research in the USA. It is our pleasure to invite you to submit review articles, original papers and communications for possible publication in this Special Issue. Both experimental and theoretical contributions are welcome. The topics of particular interest include, but are not limited to, the following:

- Aging;
- Frailty;
- Inactivity;
- Muscular dystrophy;
- Metabolic health;
- Wearables;
- -omics;
- Rehabilitation.
