Advances in Multiple Sclerosis

Guest Editor:

Dr. Marcello Moccia

Multiple Sclerosis Clinical Care
and Research Centre,
Department of Neuroscience,
Reproductive Science and
Odontostomatology, Federico II
University, 80131 Naples, Italy

Message from the Guest Editor

This Special Issue aims to contribute to filling knowledge gaps in the MS field. Reviews, full papers, short communications, and case reports are equally welcome, if providing readers with novel insights on MS clinical features, treatments, epidemiology, pharmacoeconomics, and biomarkers (e.g., laboratory, neuroimaging, neurophysiology).

Deadline for manuscript
