

Special Issue

Updates in Forensic Dentistry and Odontology

Message from the Guest Editor

The main aim of this Special Issue on “Updates in Forensic Dentistry and Odontology” is to collect and publish manuscripts concerning the latest research, ideas, and advances in forensic dentistry and all subdisciplines. This includes dental malpractice and negligence, humanitarian forensic odontology, dental anthropology, bioethics, and the role of dentists and dental hygienists in criminal investigations and the prevention of human rights violations. This Special Issue, after an attentive peer-review process before publication, will act as a promoter of innovative and research directions in legale dentistry and forensic odontology across the planet.

About the Journal

Message from the Editor-in-Chief

Oral is an official, peer-reviewed publication from MDPI, which deals with the key issues of oral health and its related fields. It allows for the dissemination of scientific research focused on emerging problems in the fields of dentistry and oral health, providing a forum to promote scientific information. Indeed, the need to face emerging problems, such as the progressive aging of the population and the impact of technological progress on healthcare, represents some pillars on which to build novel therapeutic strategies in the field of dentistry. *Oral* provides a great opportunity to contribute to progress in the field of oral health through the distribution of high-quality articles
