

Special Issue

Selected Papers from XXVII Workshop “What Comes Beyond the Standard Models?”: New Trends in Particle Cosmology

Message from the Guest Editor

Dear colleagues, This Special Issue will host selected papers from the XXVII International Workshop “What Comes Beyond the Standard Models?”, which will be held in Bled, Slovenia, from 8th July 2024 to 17th July 2024 (<http://bsm.fmf.uni-lj.si/bled2024bsm/index.html>). Its aim is to present the trends in the exploration of particle cosmology in its studies of particle physics and cosmology beyond the standard models. The article processing charge (APC) for submissions from the workshop will be waived, and publication will be free of charge.

Guest Editor

Prof. Dr. Maxim Y. Khlopov
Virtual Institute of Astroparticle Physics, 75018 Paris, France

Deadline for manuscript submissions

30 April 2025

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Physics, Nuclear) / CiteScore - Q2 (Physics and Astronomy (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.7 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2024).
