Updates in Infective Endocarditis

Guest Editors:

Dr. Hussam Tabaja

Division of Public Health,
Infectious Diseases and
Occupational Medicine, Mayo
Clinic, Rochester, MN, USA

Dr. Maryam Mahmood

Division of Public Health,
Infectious Diseases and
Occupational Medicine, Mayo
Clinic, Rochester, MN, USA

Deadline for manuscript
submissions:

22 August 2024

Message from the Guest Editors

This Special Issue will serve the purpose of updating clinicians on the epidemiology, diagnosis, and management of IE in the current era.

The focus of this Issue will be on advances made in the following areas of research, though research in other areas within IE is welcome.

- Trends in the epidemiology of IE
- Pathogen-specific risks for IE
- Culture-negative IE
- Risk scores for echocardiography
- Diagnostic imaging in IE
- Microbiologic diagnosis of IE
- Dogma and uncertainties in antimicrobial therapy for IE
- Surgical management of IE
- AngioVac for IE
- Phage therapy for IE
- Antibiotic prophylaxis for dental procedures
- IE in people who inject drugs
- IE complicating Transcatheter Aortic Valve Replacement (TAVR).

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Lawrence S. Young

Warwick Medical School,
University of Warwick, Coventry
CV4 7AL, UK

Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics. *Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*General Immunology and Microbiology*)
