

Reviews of Infectious Diseases

Guest Editor:

Dr. Giancarlo Ceccarelli

Department of Public Health and
Infectious Diseases, Sapienza
University of Rome, Rome, Italy

Deadline for manuscript
submissions:

30 June 2024

Message from the Guest Editor

Dear Colleagues,

The year 2022 marks the 10th anniversary of *Pathogens*. We would like to express our sincerest thanks to our readers, innumerable authors, anonymous peer reviewers, editors, and all the people that have worked for the journal who have made substantial contributions over the years. We are delighted and proud to celebrate this milestone with a series of Special Issues and events.

We have launched a Special Issue titled “Reviews of Infectious Diseases”. This is intended to be a collection of high-quality reviews of infectious diseases. We sincerely hope that scholars from all over the world will publish papers based on their recent research.

Dr. Giancarlo Ceccarelli

Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics. *Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*General Immunology and Microbiology*)
