Message from the Guest Editors

Dear Colleagues,

We invite authors to submit papers to *Pharmaceuticals* in the exciting field of Cannabinoid research. This special issue is to include original articles on basic or clinical research on the endocannabinoid system (including endocannabinoids and the enzymes involved in their synthesis and degradation), phytocannabinoid (such as THC, CBD, THCV) or cannabis preparations (such as Sativex) in any research area, but particularly investigations looking at novel compounds or novel sites of action. We also welcome review articles on complex and controversial areas in cannabinoid pharmacology.

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

Pharmaceuticals is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.
