

Special Issue

Pharmaceuticals 2024—Recent Advances in Pharmaceutical Sciences Towards a Healthy Life

Message from the Guest Editors

Covering the newest technologies and the research areas of medicinal chemistry, natural products, organic synthesis, radiopharmaceuticals, pharmacology, toxicology, and biomolecular and glycosciences, among others, the meeting will bring experts together to present their latest findings on relevant topics such as combating infection, inflammation, pain, and neurodegeneration. In this meeting, we encourage participation from all areas of pharmaceutical research to highlight recent advances in the field of applied chemistry in the search for novel solutions to global pharmaceutical challenges. This conference will provide the opportunity to finally meet in person and bring together younger researchers, experts, and industry to plan science and technology for the future. A roundtable will be organized to start and facilitate further discussions. Conference participants, as well as all researchers working in the field, are invited to contribute original research papers or reviews to this Special Issue of *Pharmaceuticals*.

About the Journal

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

Pharmaceuticals is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

Editor-in-Chief

Prof. Dr. Amélia Pilar Rauter

Departamento de Química e Bioquímica (DQB) e Centro de Química Estrutural (CQE), Institute of Molecular Sciences, Faculdade de Ciências, Universidade de Lisboa, Lisboa, Portugal

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
