Message from the Guest Editor

Dear Colleagues,

Submitted papers can address a wide range of topics, including, but not limited to, the following: the development of specific formulations to optimize drug delivery and/or mucosal permeation; mechanisms of drug absorption and transport across mucosal membranes; clinical and therapeutic applications of innovative drug delivery systems in infectious and chronic degenerative diseases; and studies on the efficacy, safety, and tolerability of transmucosal delivery systems.

We invite all researchers, academics, and professionals interested in this field to contribute their work to this Special Issue. We believe that this initiative will significantly contribute to advancing knowledge in this crucial field.

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
