Message from the Guest Editors

Dear Colleagues,

The Special Issue "Polymer-Based Nanocapsules for Drug Delivery in Cardiovascular Diseases and Metabolic Syndrome" has the potential to contribute to modern pharmacology by offering innovative nanotechnology-based solutions to treat metabolic syndrome and cardiovascular diseases. By bringing together a diverse team of experts, we can explore innovative research, review the latest advances, and provide valuable information for academics and practitioners alike. We would be committed to ensuring the highest scientific standards, rigorous peer review, and prompt publication of high-quality articles. We envision a collection of original research articles, reviews, and perspectives displaying the multifaceted aspects of nanophytopharmaceuticals, from formulation development to clinical trials.

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: polymer-based nanoparticles for drug delivery in coronary artery disease, type 2 diabetes, dyslipidemia, hepatic steatosis, polycystic ovarian syndrome, chronic kidney disease, cancer, and myeloid acute leukemia.

Deadline for manuscript submissions:

2024

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
