Message from the Guest Editors

Dear Colleagues,

We are pleased to invite you to contribute to the new Special Issue of Pharmaceutics entitled “Steroid Derivatives: Design and Pharmaceutical Application”. Since their discovery in the early 20th century, steroids have become one of the most widely used classes of drugs in medicine. This is due to their wide range of bioactivities, from the hormonal and antitumor to the anti-inflammatory, antiparasitic, antimicrobial, etc. At present, steroids continue to trigger scientific curiosity, and they remain one of the major subjects of medicinal chemistry and pharmacology research.

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but not limited to) the following:

- Design and synthesis of novel steroidal compounds;
- Bioactivity of natural and semi-synthetic steroids;
- Pharmacology and toxicology of steroidal derivatives;
- Drug delivery of steroids;
- New pharmaceutical applications of steroids;
- New in silico methods for analysis of potential steroid applications.

We look forward to receiving your contributions to this Special Issue.

Prof. Dr. Marija Sakač

Dr. Ivana Z. Kuzminac

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
