Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to publish original research articles or reviews on combination therapy approaches for cancer treatment, which fits with the journal's scope regarding drug targeting and interdisciplinary research, involving, but not limited to, biomedical sciences and cell biology.

In this Special Issue, research areas may include (but are not limited to) the following: a combination of chemotherapeutic agents, repurposed drugs, dietary phytochemicals, targeted therapy, and immunotherapy approaches on any cancer models.

We look forward to receiving your contributions.
