Message from the Guest Editor

Dear Colleagues,

Brain diseases affect one in three people worldwide, and nano-enabled and nose-to-brain strategies are paving the way towards novel therapies that can meet the challenge of brain diseases.

This Special Issue aims to focus on nano-enabled and nose-to-brain strategies as well as in vitro models for understanding permeability across the blood–brain barrier.

We invite articles on all aspects of drug discovery, delivery, and targeting across the blood–brain barrier and nose-to-brain delivery as well as in vitro and lab-on-chip models for the blood–brain barrier.

Prof. Dr. Aikaterini Lalatsa

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
