Message from the Guest Editors

Dear Colleagues,

The aim of this Special Issue is to introduce recent developments and findings for all topics related to the nanosuspension. Thus, this Special Issue devotes mainly applied aspects, including application of novel bioactive materials to nanosuspension, the development of novel nanosuspension manufacturing technologies or formulations, the evaluation of biopharmaceutical performance for specialized administration routes, and physicochemical instability of nanosuspension and approaches to overcome it. Applicable bioactive materials are not limited to drugs, but may also include natural products with biological activity.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
