Continuing Professional Development in Pharmacy

Guest Editor:

Prof. Dr. Zubin Austin
Leslie Dan Faculty of Pharmacy, University of Toronto, Toronto, ON M5S 3M2, Canada

Deadline for manuscript submissions:
closed (15 August 2020)

Message from the Guest Editor

Around the world, the profession of pharmacy is evolving rapidly. New scopes of practice, interprofessional collaboration, integration of regulated pharmacy technicians, and the proliferation of information technologies and artificial intelligence in health care are all transforming the work of pharmacists and the practice of pharmacy. Continuing professional development (CPD) is crucial to support workforce evolution and to ensure pharmacists—and the profession—continue to be relevant in the rapidly changing health care system.
