

Special Issue

Silicon Based Integrated Optics

Message from the Guest Editors

The Special Issue aims to present the state-of-the-art technologies in silicon photonics, including demonstrations based on either the SOI waveguide or other materials integrated with the Si substrate. It covers both individual-device-level demonstrations as well as system-level applications based on silicon photonics. Researchers are invited to submit their contributions to this Special Issue. Topics include, but are not limited to:

- Semiconductors lasers on Si;
- Si-based modulators;
- Advanced SOI passive devices;
- Photodetectors on Si;
- Integration of electro-optic materials on Si;
- Frequency combs on Si;
- 2-D materials on Si;
- Si-based communications;
- Si-based computations;
- Si-based sensing.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the second half of 2025).
