## Ecological Processes and Sandy Plant Adaptations to Climate Change—2nd Edition

Guest Editors:

**Dr. Jinlei Zhu**

**Prof. Dr. Qi Lu**

**Prof. Dr. Bo Wu**

**Prof. Dr. Zhimin Liu**

Deadline for manuscript  
submissions:

**31 March 2025**

### Message from the Guest Editors

Dear Colleagues,

We are pleased to announce the launch of the second edition of our Special Issue. It will cover topics such as the effects of climate change on arid ecosystems, the adaptation mechanisms of plants in arid areas, the role of ecological processes in arid ecosystems, and management strategies with which to mitigate the impact of climate change on arid areas.

We welcome original research articles, reviews, and perspectives that contribute to advancing our understanding of the ecology of arid areas, as well as the adaptation mechanisms of plants to climate change.

## Editor-in-Chief

**Prof. Dr. Dilantha Fernando**  
Department of Plant Science,  
University of Manitoba, Winnipeg,  
MB R3T 2N2, Canada

## Message from the Editor-in-Chief

*Plants* is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
