## Analysis of Molecular Mechanism Related Environmental Stress in Rice

Guest Editors:

**Prof. Dr. Kyung-Min Kim**

School of Applied BioSciences,  
College of Agriculture & Life  
Sciences, Kyungpook National  
University, Daegu 41566,  
Republic of Korea

**Dr. Dong-Jin Kang**

Faculty of Agriculture and Life  
Science, Hirotsaki University,  
Aomori 037-0202, Japan

Deadline for manuscript  
submissions:

**closed (28 February 2021)**

### Message from the Guest Editors

Dear Colleagues,

**In order to secure stable rice yield in a variety of global climates, it is important to identify the genes related to the defense mechanism of rice according to the external and internal reactions of rice. Therefore, this Special Issue will collect studies focusing on genes screened by QTL, and its aim is to create a library of cDNA or methods which are more effective than NGS. It also aims to accurately list methods related to the morphological investigation of rice for stress and to present a series of molecular biological applications that improve the efficiency of related genetic analysis.**

## Editor-in-Chief

**Prof. Dr. Dilantha Fernando**  
Department of Plant Science,  
University of Manitoba, Winnipeg,  
MB R3T 2N2, Canada

## Message from the Editor-in-Chief

*Plants* is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
