Deadline for manuscript
submissions:

closed (31 March 2022)

Message from the Guest Editors

The current Special Issue seeks to explore advances in the development of surfactants to aid the manufacture of sustainable products for the future. We are delighted to invite articles from authors covering an array of topics including novel sustainable surfactants and their interactions with polymers and surfaces, new characterization and analysis techniques (including theoretical and computational approaches), and general methods that support this agenda.

The official deadline for submission is 31 March 2022. We look forward to receiving your contribution for the “Development of Sustainable Surfactants and Their Interactions with Polymers” Special Issue in *Polymers*.

Dr. Richard L. Anderson

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 5.0.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
