Deadline for manuscript
submissions:

closed (25 August 2024)

Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to collect cutting-edge original research papers and reviews on the topic of below:

The synthesis of novel functional polymers targeting special surface properties, with a sustainable approach being preferable; Novel methodologies to characterize functional coating materials, coating properties, and failure of functional coatings; Surface coatings with a reduction in/the elimination of previously used toxic chemicals without diminishing performance; Functional coatings derived from novel additives, providing novel properties; Functional coatings replacing fluoropolymers (on substrates such as metal, textile, and paper); Investigations into mechanisms to understand the fundamentals behind a functional coating's performance.

Keywords

adhesion
super-hydrophobic
antifouling
self-stratifying
antibacterial
anti-icing
safe/green additives
thermochromic
conductive
antireflective
self-healing
shape memory

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien
und Polymertechnologie,
University of Potsdam, 14476
Potsdam-Golm, Germany

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 5.0.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
