### Message from the Guest Editors

Dear Colleagues,

We invite the submission of research articles and reviews to a Special Issue of *Polymers*. For this Special Issue, we aim to present the most recent developments in the preparation and application of molecularly imprinted polymers (MIPs). The different methods of MIP preparation are within the scope of this Special Issue. Additionally, various applications of MIPs in sample preparation, electrochemical sensors, capillary electrophoresis, immunoassays, and many other fields also are within the scope of this Special Issue.
