Hospital, 138 Sheng Li Rd.,  
Tainan 70403, Taiwan

Deadline for manuscript  
submissions:

**closed (25 August 2023)**

### Message from the Guest Editor

Oral biology involves studying the unique combination of tissues and functions of the mouth and craniofacial complex. Polymer biomaterials are widely used as dental materials given their biocompatibility, light weight and excellent mechanical properties.

It is with great pleasure that we invite you to submit a manuscript related to oral biology for this Special Issue, which includes papers related—but not limited—to dental materials, bioadhesives, bleaching materials, restorers or regenerators. Remarkable contributions including research articles, communications and reviews from experts all over the world are welcome.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 5.0.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
