### **Message from the Guest Editors**

This Special Issue on “Green Separation and Purification Processes” seeks to cover the latest developments in environmentally friendly separation processes and technologies. Topics include, but are not limited to:

- Applications of green solvents;
- Green extraction and purification techniques;
- Combined and hybrid reaction/purification processes;
- Green sampling and sample preparation in analytical chemistry.

Deadline for manuscript submissions:

**20 December 2024**

## Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
