Department of Food Engineering,
Federal University of Ceará,
Fortaleza 60020-181, CE, Brazil

Deadline for manuscript
submissions:

20 November 2024

Message from the Guest Editor

This Special Issue of *Processes* aims to gather high-quality research that contributes to the exploration of "Enzymes and Microorganisms in Food Bioprocessing—Waste Recovery, Applications and Advances". The topics covered in this issue include, but are not limited to, the following:

- Innovative techniques for recovering food waste using enzymes and microorganisms.
- The applications of enzymes and microorganisms in the production of functional and enriched foods.
- Advances in the engineering of microorganisms to optimize food bioprocessing.
- Sustainable approaches to food bioprocessing, aiming to reduce the environmental impacts.
- The development of new food formulations using enzymes and microorganisms to meet current market demands.

an Open Access Journal by MDPI

Editor-in-Chief

Department of Drug Science and
Technology, University of Turin,
Via P. Giuria 9, 10125 Turin, Italy

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
