Feature Review Papers in the Environmental and Green Processes Section

Guest Editors:

Prof. Dr. Antoni Sánchez

Department of Chemical,
Biological and Environmental
Engineering, Universitat
Autònoma de Barcelona,
Bellaterra, 08193 Barcelona,
Spain

Dr. Denys Gomez

School of Civil Engineering,
University of Queensland, St
Lucia, QLD 4067, Australia

Deadline for manuscript
submissions:

closed (15 December 2022)

Message from the Guest Editors

The aim of this Special Issue "Feature Review Papers in the Green Processes Section" is to compile a set of reviews in all the emerging fields of green processes that can provide significant advantages with respect to traditional processes. This includes the main topics of green processes—energy, water, air, and waste—but is also open to other fields.

In all cases, data on environmental impact assessment and economic analysis of the green processes will be especially welcome, as they will help to fill fundamental gaps for these processes to be scaled up and commercially developed.

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and
Technology, University of Turin,
Via P. Giuria 9, 10125 Turin, Italy

Message from the Editor-in-Chief

Processes (ISSN 2227-9717) provides an advanced forum for process/system-related research in chemistry, biology, material, energy, environment, food, pharmaceutical, manufacturing and allied engineering fields. The journal publishes regular research papers, communications, letters, short notes and reviews. Our aim is to encourage researchers to publish their experimental, theoretical and computational results in as much detail as necessary. There is no restriction on paper length or number of figures and tables.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
