Message from the Guest Editor

Dear Colleagues,

This Special Issue seeks papers that deal with water-soluble polymers. We are particularly interested in receiving manuscripts that integrate experimental and theoretical/computational studies, as well as contributions from industry. We invite not only academics but also researchers and practitioners from related industry to submit manuscripts for this important Special Issue of Processes. (Submission fees might be waived if the review reports/academic decisions are all positive ones).

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
