### **Message from the Guest Editors**

In order to move towards a sustainable society, it is vital to provide the highest standard of wellbeing for the environment, human and economic. We can contribute by providing technical as well as scientific work that can be accessed freely and implemented by all. We welcome submission of the following topics (but not limited to):

- Sustainable processes and technologies in chemical engineering
- Green bioproducts, food and bioprocessing
- New nanotechnology and advanced materials
- Environmentally friendly waste treatment and management

All the authors of accepted contributions at **APCCChE 2021** with topics related to sustainable developments are invited to submit manuscripts to *Processes* under the Special Issue of “New Processes: Working Towards a Sustainable Society”.

Deadline for manuscript submissions:

**closed (15 December 2021)**

## Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
