

## Special Issue

# Environmental Protection and Remediation Processes

### Message from the Guest Editors

We are inviting submissions for this Special Issue, which aims to bring together innovative research in the field of environmental protection and remediation. The focus will be on new materials, processes and analytical methodologies that contribute to pollutant mitigation and contaminant monitoring in various environmental matrices. We encourage studies that explore everything from the development of sustainable materials and advanced technologies for pollutant removal to accurate analytical methods for the detection and quantification of toxic substances. Papers that present applicable solutions to environmental challenges, including but not limited to remediation of water, contaminated soils, control of atmospheric emissions, as well as innovative approaches to environmental monitoring are welcome.

---

### Guest Editors

Prof. Dr. Jemmyson Romário de Jesus

Department of Chemistry, Federal University of Viçosa, Viçosa 36570-900, Brazil

Dr. Cícero Alves Lopes Junior

Department of Chemistry, Federal University of Piauí, Teresina 64049550, Brazil

---

### Deadline for manuscript submissions

20 July 2026

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Giancarlo Cravotto  
Department of Drug Science and Technology, University of Turin, Via P.  
Giuria 9, 10125 Turin, Italy

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

#### Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
