

Special Issue

Carbon Capture and Utilisation

Message from the Guest Editors

This Special Issue on “Carbon Capture and Utilisation” aims to gather the most recent and outstanding works on all aspects related to the CCU. It strives to bring together high-quality research articles on the different aspects of CCU, including current status and remaining challenges. This Special Issue aims to inform on the most recent research and innovation progress made both in academia and industry. Topics include but are not limited to:

- Experimental and modelling works on various aspects of CCU;
- Design and synthesis, modelling and optimisation of CCU processes.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto
Department of Drug Science and Technology, University of Turin, Via P.
Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
