

Special Issue

Selected Papers from the Conference Prosthetic Connection 2021

Message from the Guest Editors

The congress is aimed at dentists, dental technicians, and university students who will have the opportunity to receive the most recent updates from clinicians and university students who, without forgetting the “tradition” and therefore the classic concepts of the prosthesis, will share the latest trends and digital techniques that are a current reality and part of the daily life of dentists and dental technicians in the prosthetic field. Keywords

- prosthetic
- biomechanics
- biomaterials
- rehabilitation
- parametrical analysis
- biotechnologies
- dental implant
- prosthodontics
- dental materials
- digital workflow
