### Message from the Guest Editors

Dear Colleagues,

The integration of the religious fact within the maturational stage of adolescence and the relationship that adolescents have with religion, the influence of religious experiences in this context of change and the learning of religion during adolescence, whether in a formal or informal context, may be interesting research topics to investigate and share results for in this Special Issue.

This Special Issue aims to:

- Study the relationship that adolescents maintain with religion.
- Investigate the role of religion in the maturation process of adolescents.
- Find out about the formal and informal teaching of religion given to adolescents in the different educational systems.
- Investigate the influence of different educational systems on adolescents' conception of religion.
- Understand the human values underlying the observance of religious doctrine in adolescents.
- Deepen our knowledge of the religious practices of adolescents.
- Share any scientific point of view that can illuminate the knowledge of the religious development of adolescents.

We look forward to receiving your contributions.

## Message from the Editorial Board

Fresh developments in the disciplines that consistently make significant contributions to our understanding of religious personality, authority, devotion, and community - disciplines ranging from psychology, sociology, and anthropology to history, art history, philosophy, literary criticism, and political science – fuel general, as well as scholarly, interest in the world's religions.

*Religions* is inviting innovative and comparative contributions. Please consider Religions as an exceptional, exciting enterprise ready to reward your trust, attention, and participation.
