Message from the Guest Editor

In Buddhist monasticism, women are relegated to the second rank. As for Chinese and Korean monasticisms, there are fully ordained nuns, but they still have to respect traditional norms regarding gender hierarchy. The resulting asymmetry between ordained men and women is a facet of living Buddhism. The upcoming volume aims to focus on the attitudes, perceptions, experiences, and actions of the Buddhist nuns themselves while drawing on examples from Buddhist countries.

Message from the Editorial Board

Fresh developments in the disciplines that consistently make significant contributions to our understanding of religious personality, authority, devotion, and community - disciplines ranging from psychology, sociology, and anthropology to history, art history, philosophy, literary criticism, and political science – fuel general, as well as scholarly, interest in the world's religions.

Religions is inviting innovative and comparative contributions. Please consider Religions as an exceptional, exciting enterprise ready to reward your trust, attention, and participation.
