

Ground Based Imaging of Active Volcanic Phenomena

Guest Editors:

Dr. Philipson Bani

Laboratoire Magmas et Volcans,
Campus Universitaires des
Cézeaux, 63178 Aubière, France

Dr. Giancarlo Tamburello

National Institution of
Geophysics and Volcanology,
40100 Bologna, Italy

Dr. Tom Pering

Department of Geography,
University of Sheffield, Western
Bank, Sheffield S10 2T, UK

Deadline for manuscript
submissions:

closed (30 June 2021)

Message from the Guest Editors

This special issue welcomes original papers that explore ground-based ultraviolet, visible and thermal imaging of active volcanic phenomena. Innovative multispectral and hyperspectral imaging on volcanoes are strongly encouraged.

- UV, Visible and thermal ground-based Imaging
- multi-spectral and hyper-spectral imaging
- photogrammetry
- lava dome, lava flow, lava lake
- pyroclastic flow, lahar
- eruption column, eruption plume
- volcanic gas, volcanic ash
- crater lake, hydrothermal system

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

Journal Rank: JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
