Decision Making in Resources Management: Problems, Methods and Tools

Guest Editors:

Prof. Dr. Eleftherios I. Thalassinos

Prof. Dr. Kesra Nermend

Dr. Anna Borawska

Deadline for manuscript submissions:
closed (30 March 2023)

Message from the Guest Editors

Topics of interest for this Special Issue are connected with the use in supporting the process of decision making in resource management and data acquisition for decision making purposes, including (but not be restricted to) such methods and tools as multi-criteria decision analysis (MCDA), operational research methods, multidimensional comparative analysis (MCA), modeling and computer simulation, artificial intelligence, econometric and statistical methods, neuroscience techniques, focus group interview (FGI), individual in-depth interviews (IDI), data text mining, IT tools, decision support systems, computer games, virtual reality, and other methods and tools.

Special Issue

Editor-in-Chief

Prof. Dr. Benjamin McLellan

Message from the Editor-in-Chief

Responsible prosperity is underpinned by sustained access to resources. *Resources*, publishes excellent science and scholarship which transforms understanding, practices and policies for conserving all natural resources–from water, land and air; to plant and animal biodiversity; to minerals and energy and their interconnection across scales. Significantly, we invite high quality submissions from natural and social sciences.

Build impact from your research by submitting to *Resources*, an open-access journal connecting you with data, insights, ideas and evidence needed to shape a better world.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, ESCI (Web of Science), GeoRef, PubAg, AGRIS, RePEc, and other databases.
Journal Rank: JCR - Q2 (Environmental Sciences) / CiteScore - Q1 (Nature and Landscape Conservation)
