Message from the Guest Editor

Dear Colleagues,

This Special Issue aims to collect the recent results in the research area of risk management in financial inclusion and its implications for financial institutions and the unbanked population. We invite papers presenting original research on related topics, including, but not limited to, the following:

1. Models for risk management adapted to the unbanked population.
2. Innovations for the financial inclusion improvement rate.
3. Trade-offs between financial inclusion and risk-taking by financial institutions.
4. Fintech, financial inclusion, and financial stability.
5. The social risk management of financial inclusion and financial well-being in old age.
6. Corporate governance and risk-taking by non-profit financial institutions.
