Message from the Guest Editor

Dear Colleagues,

Sensor networks continue to be at the heart of the ever-evolving digital world. With this, comes the tremendous challenges of securing these networks, ensuring privacy of data and people and supporting privacy preserving forensics investigations when warranted. This Special Issue therefore aims to put together original research and review articles on recent advances, technologies, solutions, applications, and new challenges in the field of sensor network security, privacy and forensics.

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.
