Message from the Guest Editor

Dear Colleagues,

This special issue will focus on the broad development of Aerospace Sensor Systems. Any sensor technology that addresses issues related to this topic is acceptable. Full research papers with new results or a comprehensive review of the state-of-art of Aerospace Sensor Systems are encouraged for submission. There are no restrictions on the topics of interest of this special issue. In addition, authors are encouraged to submit full research papers. There is no length restriction.

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Author Benefits

Open Access : free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
