

Special Issue

Environment Perception for Industrial Robotics, Connected and Autonomous Vehicles and Beyond

Message from the Guest Editor

This Special Issue encourages authors from both academia and industry to submit new research results regarding technological innovations and novel ideas for environmental perception, considering both hardware and software, with a special interest in artificial intelligence and advanced sensors and sensing systems. This Special Issue welcomes submission regarding, but not limited to, the following topics:

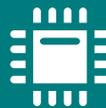

- Autonomous vehicle contexts;
- Efficient ML (deep learning, reinforcement learning, etc.)-based CAV computation and architecture;
- Environmental perception;
- Object detection;
- Occupancy grids;
- Point cloud;
- Bird view;
- Deep learning;
- Datasets for environment perception ;
- Embedded environmental perception;
- Advanced sensors for environmental perception;
- Perception systems and devices.

Guest Editor

Dr. Suzanne Lesecq
University Grenoble Alpes, CEA, Leti, F-38000 Grenoble, France

Deadline for manuscript submissions

closed (31 July 2024)

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro
Department of Electrical and Information Engineering, Politecnico di
Bari, Via Orabona 4, 70126 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
