Message from the Guest Editors

Dear Colleagues,

While in advanced economies, precarious work is often portrayed as a loss of decent employment standards associated with the golden age of Keynesianism, it is important to recognize the paradox between precarious work and decent work.

The purpose of this Special Issue, titled “From Precarious Work to Decent Work,” is to explore and address the paradox between precarious work and decent work inherent in modern capitalism. We seek micro- or macro-sociological research that moves beyond mere descriptions of increased precarity, offering theoretical or empirical insights into how precarious work could be transformed into decent work. Original research papers, reviews, successful case studies, and applications, as well as opinion papers of a high quality and with novel ideas on the possibilities to move “from Precarious Work to Decent Work”, are more than welcome.

Message from the Editor-in-Chief

Social Sciences is an international open access peer-reviewed journal publishing the latest research across all disciplines of the social sciences including anthropology, criminology, economics, education, geography, history, law, linguistics, political science, psychology, social policy, social work, sociology and related areas. The journal is especially interested in interdisciplinary research, and aims to facilitate the interaction and communication between different social scientific disciplines. The journal welcomes conventional length articles as well as shorter Research Notes or short articles, as long as they meet the journal's standards of quality and originality.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed within Scopus, ESCI (Web of Science), RePEc, and other databases.

Journal Rank: JCR - Q2 (*Social Sciences, Interdisciplinary*) / CiteScore - Q2 (*General Social Sciences*)
