Message from the Guest Editors

This Special Issue ‘Training Process in Soccer Players’ is a new venue to publish original research, meta-analyses, reviews, case studies, short communications and book reviews related to soccer-training topics. This Special Issue aims to publish research on various aspects of soccer training, including: (i) small-sided games; (ii) high intensity interval training on soccer players; (iii) training monitoring and testing; (iv) periodization; (v) physiology of soccer; and (vi) coaching in soccer. Any other topics are welcome to this Special Issue, especially articles that bring new theoretical and practical approaches to the soccer field.
