

Intelligent Transport Systems and Sustainable Transportation

Guest Editors:

Prof. Dr. Rong-Chang Jou

Department of Civil Engineering,
National Chi Nan University,
Nantou County 54561, Taiwan

Dr. Wen-Hsiu Huang

Department of Public Finance,
Feng Chia University, Taichung
407102, Taiwan

Dr. Chung-Wei Kuo

Department of Transportation
and Logistics, Feng Chia
University, Taichung 407102,
Taiwan

Deadline for manuscript
submissions:

1 August 2024

Message from the Guest Editors

The scope of this Special Issues includes, but is not limited to, the following areas:

1. The investigation of transportation systems in terms of their sustainability of infrastructure, vehicles, and operations;
2. The integration of different disciplines with transportation, including engineering, social science, operations research, and information technology;
3. The application of qualitative and quantitative methods to transportation studies;
4. Expository papers and case studies in a local and international context;
5. Transport management (smart transport systems, road pricing policy, decarbonization, fuel efficiency and carbon economy, transport electrification);
6. Social aspects and consumer decisions related to transport systems and planning;
7. Transportation policies in adaptation to climate policies;
8. Sustainability issues in the airline.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
