Deadline for manuscript  
submissions:

**closed (25 February 2024)**

### Message from the Guest Editors

Sustainability reporting has become imperative for businesses. Sustainable growth is crucial for establishing goodwill for firms, enhancing opportunities, and addressing the risks posed by economic, social, and environmental developments. Corporate sustainability is a strategic approach that strives to provide shareholder value. Research on a broad range of issues related to accounting, business policies, and/or their effects on corporate sustainability is requested for this Special Issue.

This Special Issue seeks to expand the knowledge of the environmental, and economic implications of organizational activities, as well as operational and strategic decision-making in the new era.

- sustainability reports
- climate change and sustainability
- business strategy and sustainable growth
- corporate governance and business management
- sustainable business models and sustainable entrepreneurship
- economic governance and financial management
- corporate finance, financial management and firm performance
- earning management, portfolio management and CSR
- trends and challenges in corporate finance and sustainability reports
- leadership, organization internal system and sustainability

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
