Dr. Guoxiang Li

School of Business, Nanjing Normal University, Nanjing 210023, China

Deadline for manuscript submissions:

6 September 2024

Message from the Guest Editors

This Special Issue will focus on environmental governance and environmental responsibility, explore the breakthrough path of environmental governance under economic downward pressure, and analyze the new positioning of individuals, enterprises, and governments in environmental governance in the new development stage so that each stakeholder can better fulfill their environmental responsibilities and better promote green and sustainable economic development.

- environmental decentralization, government responsibility, and high-quality development
- government behavior, environmental strategies, and environmental performance
- environmental protection system and enterprise environmental protection behavior
- environmental responsibility and pollution reduction
- green innovation, pollution, and carbon reduction
- enterprise digital transformation and green development
- green consumption, product selection, and environmental governance
- consumption mode choice and industrial green transformation
- harmonious coexistence between humans and nature

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
