Deadline for manuscript
submissions:

31 July 2025

Message from the Guest Editors

Dear Colleagues,

This Special Issue is dedicated to promoting the principles of sustainable development in the field of all modes of transport and related infrastructures.

This Special Issue aims to encourage researchers to publish their review, experimental, computational, and theoretical research relating to natural and applied sciences, engineering, economics, social sciences, and humanities in detail to

- Promote scientific and other understanding;
- Permit predictions and impact assessments of global change and development related to the sustainability of all modes of transport and their infrastructures.

Topics of this Special Issue related to sustainable transport and related infrastructures include, but are not limited to, the following:

Challenges; Innovations; Life cycle management; Risk management; Expansion; Efficient utilization of resources; Production according to sustainable development principles; Monitoring; Employment; Business ethics; Skills development; Interchangeability; Interaction.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
