### Message from the Guest Editors

Dear Colleagues,

*Sustainability* is proud to present a Special Issue welcoming the submission of research papers and literature reviews on topics surrounding “Sustainable Waste Management and Utilization”. The Special Issue will focus on technologies which generate several products of added value with diverse applications (e.g., agriculture, industry, energy). Subtopics of the Special Issue include, but are not limited to, the following:

- Novel applications of technologies to treat organic waste;
- Technologies to recover recyclable materials;
- Options for energy recovery from solid waste;
- Uses and applications of bioproducts, recycled materials, and energy obtained from solid waste;
- Economics and environmental impacts (LCC, LCA) of management technologies and use of products obtained.

We look forward to receiving your contributions.
