Dr. Mostafa E. Elshobary

Botany Department, Faculty of Science, Tanta University, Tanta 31527, Egypt

Prof. Dr. Hany S. EL-Mesery

School of Energy and Power Engineering, Jiangsu University, Zhenjiang 212013, China

Deadline for manuscript submissions:

closed (31 December 2023)

Message from the Guest Editors

Dear Colleagues:

We are delighted to invite you to publish your up-to-date research results in this Special Issue of the Renewable and Sustainable Energy for Sustainable Development.

This Special Issue is targeting to gather new study findings and coming techniques in the sector of Renewable and Sustainable Energy for Sustainable Development, covering a wide variety of topics associated with the renewable energy sources, the energy production techniques, and the energy management, but not limited at:

- Biofuel production and its applications
- Hydrogen production and its application
- Advanced combustion techniques
- Algae biofuel production and its application
- Renewable energy potential and forecasting
- Design and optimization of renewable energy schemes
- Renewable hybrid energy schemes
- Renewable energy conversion efficiency
- Energy management
- Renewable energy communities.
- Carbon sequestration

Review papers and articles based on multidisciplinary research are also encouraged.

an Open Access Journal by MDPI

USA

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
