

## Circular Economy and Modular Construction for a Sustainable Built Environment

Guest Editors:

**Dr. Michael Adabre**

**Prof. Dr. David J. Edwards**

**Dr. Amos Darko**

Deadline for manuscript  
submissions:

**closed (13 July 2024)**

### Message from the Guest Editors

Aim of the Special Issue and how the subject relates to the journal scope.

This Special Issue aims to promote circular economy and/or modular construction for a sustainable built environment. Both circular economy and modular construction could ensure optimum utilization of the Earth's finite resources, elimination of construction and demolition waste and a reduction in carbon emission. These benefits are a part of the 2030 Agenda for Sustainable Development adopted by the United Nations, which the *Sustainability* journal aims to support.

Suggest themes.

1. Circular economy transition in the construction industry;
2. Modular construction in the built environment;
3. Circularity and modularity in the construction industry;
4. Circular economy as a socio-technical phenomenon;
5. Sustainable built environment.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
